

NOTICE OF VACANCY

DEPARTMENT: Water Quality and Water Pollution Control
TITLE: Senior Wastewater Treatment Plant Instrumentation Technician
GRADE/SALARY: 32B - \$52,798 plus Excellent Benefits

THIS IS A COMPETITIVE CIVIL SERVICE POSITION.

DISTINGUISHING FEATURES OF THE CLASS: This supervisory position exists in a wastewater treatment plant and involves supervision of and responsibility for installing, calibrating, maintaining, troubleshooting and repairing highly technical electronic equipment including instrumentation, low voltage electrical devices, Programmable Logic Controllers (PLC's), and telemetry equipment which is part of the automatic operation of the facility. The incumbent works with considerable independence and is directly supervised by the Wastewater Treatment Plant Maintenance Superintendent, or Wastewater Treatment Plant Maintenance Supervisor in the absence of the Superintendent, in coordination with the Chief Wastewater Treatment Plant Operator. This position requires employee to set priorities, determine work to be done, and lay out the work with or without plans, diagrams, and specifications. Employees in this class may be required to operate motor vehicles. Supervision is exercised over the Wastewater Treatment Plant Instrumentation Technician and any other helpers assigned to specific projects. The incumbent does related work as required.

MINIMUM QUALIFICATIONS: Candidates must meet the minimum qualifications at time of application. Either:

- (A) Graduation from a regionally accredited or New York State registered college or university with a Bachelor's Degree in electrical engineering technology, computer engineering technology, electrical technology, industrial automation engineering technology, industrial instrumentation and control, or a closely related field **AND** two (2) years of experience in industrial instrumentation installation, maintenance and repair work or installation, maintenance, and/or repair of electronic equipment, control systems and/or instrumentation in a public or private setting; **OR**
- (B) Graduation from a regionally accredited or NYS registered college or university with an Associate's Degree in electrical engineering technology, computer engineering technology, electrical technology, industrial automation engineering technology, industrial instrumentation and control, or a closely related field **AND** four (4) years of experience in industrial instrumentation installation, maintenance and repair work or installation, maintenance, and/or repair of electronic equipment, control systems and/or instrumentation in a public or private setting; **OR**
- (C) Graduation from high school or possession of a high school equivalency diploma **AND** six (6) years of experience in industrial instrumentation installation, maintenance and repair work or installation, maintenance, and/or repair of electronic equipment, control systems and/or instrumentation in a public or private setting.

NOTES:

- 1. Candidates **MUST** submit with application a copy of transcripts showing degree area and date degree conferred, if qualifying under (A) or (B).
- 2. Verifiable part-time experience as described above will be pro-rated toward meeting full-time experience requirements.

SPECIAL REQUIREMENT: Possession of a valid New York State driver's license at time of application. License must remain valid throughout appointment.

HOW TO APPLY: Go to <https://oneida-portal.mycivilservice.com/jobopps>.

If you do not have internet access, paper applications can be picked up in the Personnel Department on 6th Floor of the Oneida County Office Building. You may also request a paper application to be mailed to you by calling 315-798-5726. Completed applications can be mailed or hand-delivered to the address printed on the top of the application.

APPLICATIONS MUST BE RECEIVED NO LATER THAN: January 28, 2022
