SUBJECTS OF EXAMINATION: There will be a written test which you must pass to be considered for appointment. The written test will be designed to evaluate knowledge, skills, and/or abilities in such areas as:

1. PREPARING WRITTEN MATERIAL:

These questions test for the ability to present information clearly and accurately, and to organize paragraphs logically and comprehensibly. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.

2. UNDERSTANDING AND INTERPRETING WRITTEN MATERIAL:

These questions test for the ability to understand and interpret written material. You will be presented with brief reading passages and will be asked questions about the passages. You should base your answers to the questions only on what is presented in the passages and not on what you may happen to know about the topic.

3. OFFICE MANAGEMENT:

These questions test for knowledge of the principles and practices of planning, organizing, and controlling the activities of an office and directing those performing office activities to achieve predetermined objectives such as accomplishing office work within reasonable limits of time, effort, and cost expenditure. Typical activities may include but will not be restricted to simplifying and improving procedures, increasing office efficiency, improving the office work environment, and controlling office supplies.

4. SUPERVISION:

These questions test for knowledge of the principles and practices employed in planning, organizing, and controlling the activities of a work unit toward predetermined objectives. The concepts covered, usually in a situational question format, include such topics as assigning and reviewing work; evaluating performance; maintaining work standards; motivating and developing subordinates; implementing procedural change; increasing efficiency; and dealing with problems of absenteeism, morale, and discipline.

5. WORKING WITH OFFICE RECORDS:

These questions test your ability to work with office records. The test consists of two or more sets of questions, each set concerning a different problem. Typical record keeping problems might involve the organization or collation of numerical data from several sources; maintaining a record system using running balances; or completion of a table summarizing data using totals, subtotals, averages and percents. You should bring with you a hand-held battery- or solar-powered calculator for use on this test. You will not be permitted to use the calculator function of your cell phone.

CALCULATORS ARE RECOMMENDED: Unless specifically prohibited, candidates are permitted to use QUIET, hand-held, solar- or battery-powered calculators **ONLY**. Devices with typewriter keyboards, such as cell phones, computers or devices which can be hooked up to a computer, spell-checkers, personal digital assistants, address books, language translators, dictionaries and any similar devices are **PROHIBITED**.

TEST GUIDE: The New York State Department of Civil Service has not prepared a test guide for this examination. However, candidates may find information in the publication 'General Guide to Written Tests' helpful in preparing for this test.
